OUTDOOR THERAPY

OUTDOOR THERAPY

L'esterno e la natura:
un caleidoscopio di colori che generano
un dialogo ininterrotto tra design e personalità.
Le mani vogliono accarezzare, gli occhi vedere e cogliere
quei riferimenti del mondo outdoor in cui ci riconosciamo.
Ma non solo.

La collezione outdoor seduce senza invadere,
in un continuo equilibrismo tra creatività,
colore e ricerca della rarità.

La suggestione di un intreccio, la texture di una tela,
lo spessore di un legno, l'incisione di una pietra
si fondono in una luce calante o nel mare di mezzogiorno.

La vasta gamma di offerta si colloca in una direzione
contemporanea ricca di funzionalità silenziose,
ma attente alle novità e a tutto ciò che si definisce design
come laboratorio creativo.

Per noi e per la nostra cultura.
Una filosofia che ci tiene in contatto con il mondo.
E che rende l'esterno più bello.

*Outdoor furniture and nature:
a kaleidoscope of colours that provoke a dialogue
between design and personality.*

*Hands want to touch and eyes want to see
and capture the elements of the outdoor world we recognize.*

But not only.

*Our outdoor collection seduces without intruding,
in a continuous balancing act of creativity, colour and search for rarity.*

*The evocation of a weave, the texture of a fabric,
the thickness of wood and an engraving on a stone
come together in the dusk or the mid-day sea.*

*Our wide range of products goes in a contemporary direction
and is rich in discreet functionality, but at the same time
pays attention to novelty and everything that can be defined
as design and used as a creative workshop.*

*This is a philosophy that keeps us
and our culture constantly in touch with the world.
And enhances the attraction of the outdoors.*

WEAVING ADDICTED

Così come amiamo gli intrecci,
rappresentiamo il concetto di trama
per le infinite combinazioni di finiture
e le numerose provenienze dei materiali naturali e tecnologici.
Una sottile linea di confine mostra
come il linguaggio multimaterico possa rappresentare
la nuova cosmesi di un design colto e cosmopolita.
Un vero laboratorio di stile nasce, immagina e si evolve.
Così ogni prodotto celebra la fine di un processo
e l'inizio di uno nuovo.

*Just as we love weavings,
we employ the concept of weave
for the infinite combinations of finishes
and numerous origins of natural and technological materials.
A subtle boundary shows how multi-textured language
can represent the new cosmetic effect of cultured,
cosmopolitan design.
A true style laboratory is established that applies imagination
and evolves.
In this way each product celebrates
the end of a process and the beginning of a new one.*
